## Holiday Inn Clark –Refreshed!

Holiday Inn Clark has relaunched to include a renewed commitment to friendly, attentive service to go with a more contemporary and stylish look and feel. Holiday Inn Clark has also dramatically improved its guest experience by adding signature 'comfort' bedding and enhanced showers. The hotel's upgrade is part of a global relaunch for Holiday Inn. With over 3,296 hotels, close to 420,000 guest rooms and over 1,100 additional hotels to be built, the sheer magnitude of the Holiday Inn relaunch is unmatched in hospitality history.

"This new look signifies the things that matter most to our guests when they think quality and value – great beds, great showers and fantastic service with a more up-to-date look," said Simon Morley, Holiday Inn Clark, General Manager. "This was done based on what consumers told us they would love to have – consistent quality and contemporary design."

The 331-room, suites and villas features a resort comfort with modern accommodation that have a "home away from home" feel with its picturesque natural setting, casual

dining and endless leisure options.

Holiday Inn Clark's relaunch is part of a worldwide effort by Holiday Inn® Hotels & Resorts to create a

new identity and establish new brand hallmarks that will deliver a more consistent quality and contemporary image for the brand.

Among the new Holiday Inn brand features now visible at Holiday Inn Clark are a redesigned logo, improved signage and new outdoor lighting, landscaping and design. The welcome experience at Holiday Inn Clark has also been enhanced with a redesigned lobby, de-cluttered reception desk and all-new signature scents and sounds. A newly launched "Stay Real" service commitment ensures that guests receive excellent service during their stay. "Our guests told us they wanted service that recognises them as individuals and hotel staff who understand their real needs while they're at the hotel. Our "Stay Real" service training enables our people to always do this to our guests every single time they stay with us," added Morley.

## How to Find Us?

Holiday Inn Clark is located in Pampanga, a province of the Philippines located in Central Luzon region. It can be accessed via land travel either using private transport or public buses that

travel through the province. It is 90 km or 90 mins drive from Manila through the North Luzon Expressway (NLEX) taking the Angeles or Dau Exit. It is also accessible through the Subic

Clark Tarlac Expressway (SCTEX), exiting thru the Clark South gate. It is 5 minutes from the Diosdado Macapagal International Airport (DMIA), the most convenient airport of choice.

# Restaurant & Bars

**MEQUENI RESTAURANT** – offers the ultimate dining experience with its open live kitchen concept, a first in the area, complete with Asian and Western stations, cold and hot island sections which provide guests with the freshest ingredients cooked before them for their pleasure. It also features semi-private booths, two private dining rooms. The well-loved Mequeni Restaurant now evolves as the finest and

most innovative dining experience in the region.

**MEQUENI DELI** – A delicatessen popular for its freshly baked breads, cakes and pastries, cold cuts cheeses and specialty gourmet items. It also serves the freshest coffee selection. Coffee to go and specialty sandwiches are also available for take away.

## RODIZIO ROOF TOP GRILL RESTAURANT

–Offers Brazilian inspired fire-grilled delicacies on swords complimented with Mongolian Barbecue, a selection of mouth-watering certified Angus Beef steaks and delectable ala carte menu specialties. Delight in Rodizio's walk in wine cellar for the perfect accompaniment for your Rodizio experience.

**COPA'S BAR** Copa's Bar is ideal for a relaxing aperitif, nightcap or an avenue for just chatting with friends. Copa's Bar boasts a wide selection of Cuban & Philippine Tabacalera cigars, wines,

cocktails, extensive local and international menu selection. A must see is the Copa's "Wall of Fame" of international and local cigar aficionados.
